Dear Sponsor,

Greetings from all the staff and children of Hope Centre and our dedicated Finance and Management Team. I was looking forward to bringing you an update this April on how the centre is fairing however, as we all know, things have come to a halt and it's my hope that we are able to meet very soon.

As a result of the pandemic we currently find ourselves in, I recognise that each and every one of us is facing unprecedented times and my prayer is for all of us to be in good health and have the means of holding on to our jobs/businesses and not to lose all hope. You and I have done our very best in supporting the children wholeheartedly and I have no doubt that as we have touched the heart of our Father, he will remember us in our time of need.

Although Central Region was not part of the shutdown, the govt requested all schools to close due to the outbreak of the corona virus and our hope is to return as soon as possible. However, all teachers have continued to teach the curriculum via email in order to continue to engage the pupils throughout the break therefore, we are still expected to financially support staff by funding their salaries as expected.

Please remember Hope centre exists as a result of the support and promise both you and I have made to these Orphans. You, make the difference by taking up the challenge to give these children hope. Every effort and support is vital at this present moment and would like to appeal to you to please not to give up on them. This is the time to test our faith in knowing that every penny we give is helping to keep a heart beat in the centre. Let's continue to give without ceasing, however little is appreciated. Also visit the website for anyone off donations you may wish to give this season.

We are also happy to include your company logo on our web page for advertising purposes to promote your profession or business as you have cared to support the Hope centre. If interested, do contact our Team for further information.

'We have an Anchor...'

Remain Blessed

Philippa Biney
